WHAT IS WRISTCOIN?

WristCoin is a completely out of the box cashless payment solution that makes cashless technology available to any business whether it's a resort, sports venue, concert hall, or one time event. Completely turnkey, WristCoin is a secure, robust, and scalable solution allowing organizers to implement a cashless solution for millions of guests as easily as for a dozen.

BENEFITS

- Operate a cashless solution as easily as you would a cash register
- Smooth guest experience uses offline transaction processing that requires no Internet
- Presents rich vending data with web dashboards, analytics, and reporting tools

Guests

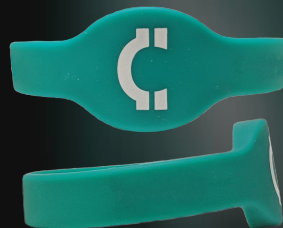

- Reduced wait time
- Eliminate carrying cash, phones, or wallets
- Avoid losing credit cards

Vendors

- Lower transaction costs
- No cash to track or lose
- Faster service increases sales

Organizers & Venues

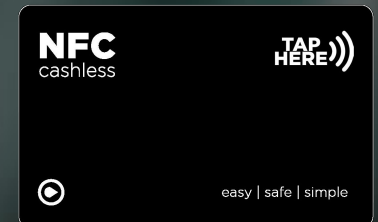

- Reduce POS equip. costs
- Custom branded wristbands
- No minimum number of attendees required
